

BELTSVILLE SEVENTH-DAY ADVENTIST CHURCH

April 26, 2023

Welcome, Volunteers!

We are blessed to be able to work together with the White Oak Medical Center to minister to the patients and their families.

In order to be able to go into the hospital as volunteers, each person will need to fill out the WOMC Volunteer Application. The application can be downloaded [HERE](#) or from our website at (scroll to the bottom of the page):

<https://www.beltsvillesda.org/womc>

Once you have filled out the application, please send it via email to Amy Piersanti at APiersanti@adventisthealthcare.com or hand it to one of the pastors in person.

In addition to filling out a copy of the volunteer application from WOMC, the following is a list of the onboarding requirements for all Volunteers:

1. Background Check (initiated by email)
2. Proof of Covid Vaccination
3. Flu Vaccination
4. Clear TB Test from Primary Care Provider within 90 days of start
5. 2023 Annual TB Questionnaire
6. Immunization Record
 - a. Tdap
 - b. MMR
 - c. Hepatitis B
 - d. Varicella Zoster
7. 2023 Patient Safety Assessment (picked up during Orientation)

Once we have received the applications and the background checks are complete, we will schedule an orientation session for our group of volunteers.

We encourage you to complete these items as quickly as you can and return them so we can forward the applications to the hospital.

Once we have a date for orientation, we will let you know.

If you have any questions, please contact Pastor Debbie at pastordebbie67@gmail.com.
